(1) Investors can read benchmark changing information from Prospectus.

(2) Changing benchmark criteria that used to measure fund performance may early improve the performance because fixed income which invested has no tax, While new benchmark criteria is calculated with tax assumption.

* Investing in Money Market Fund is not a money deposit and is subject to investment risk. Investors may not receive a full amount of their investment from redemption in Money Market Fund.

** Benchmark (Hedging) of each fund refers the benchmark of that fund that calculated in the currency of each index in a portion of hedging ratio and calculated in THB term in a portion of non-hedging ratio. The proportion of this benchmark calculation started from the day that TISCO Asset Management used derivatives for the exchange rate hedging purpose or the day that TISCO Asset Management changed hedging ratio of such fund. TISCO Asset Management prepares the Benchmark (Hedging) to measure the fund performance to be more clearly.

Note :

(1) This mutual fund performance report is made in compliance with the Association of Investment Management Companies (AIMC) Performance Measurement Standard.

(2) The mutual fund performance is the performance after ducting management fee, custodian fee or other expenses.

(3) The mutual fund's past performance does not necessarily guarantee its future performance.
